

ART STUDIO - PIETER BROERTJES OIL PAINTINGS OF FRYSLÂN

Hello, my name is Pieter Broertjes, artist. I paint impressions of Fryslân, the beautiful most northern province of The Netherlands, in my studio in Koudum.

My landscapes and seascapes include classic Dutch clouds and dunes, cows and fresh green grass, the IJsselmeer and sailing ships.

They are being painted in oil on canvas or panel, and are being sold not only in The Netherlands, but also to customers in France, Germany and Belgium.

In addition to my large paintings I create unique small framed paintings, which I call Muse Maatjes. Ready to display, these truly inspirational mini-sized paintings will make a unique birthday or anniversary present. Or, why not gift yourself one of my Muse Maatjes, so that you will remember Fryslân long after your holiday?

Just unwrap, find the right place in your home and there they are. Ready for you to enjoy for years to come. Want to know more? I'd love for you to visit my website, or make an appointment to visit my studio and view my paintings at your leisure.
